WORK EXPERIENCE

Project Management Intern
Jan 2023 - Present

North Carolina Department of Public Safety

- Spearheaded a team of seven to develop a VR experience for parents to raise awareness of dangerous habits in adolescents
- Utilized Unreal Engine to create interactable objects and display information on why certain objects may suggest dangerous activity

Tournament Administrator Intern
Oct 2021 - Nov 2022

Super Girl Gamer Pro

- Collaborated with a team of eight to organize three female-only tournaments, including the 2022 SGGP Valorant Tournament which averaged **1000+** Twitch viewers and hosted **95+** competitors
- Iterated on the team sign up form, player info form, and tournament bracket using previous season user feedback and data
- Met stakeholder needs by aligning casters and Twitch chat participants behind broadcast rules

Java Software Developer Intern
Jun 2022 - Aug 2022

Lenovo

- Designed features and released 2 updates for Lenovo's mobile app, including implementation of Google reCAPTCHA
- Performed quality assurance tasks such as debugging, unit tests, and documentation of Lenovo's Android app
- Analyzed user data from iOS and Android mobile app and created graphical representations of data

Sales Operations Intern
May 2021 - Aug 2021

Lenovo

- Increased sales processing efficiency by **40%** through quality-assuring order details, monitoring inventory, and resolving customer support tickets
- Developed knowledge of over **15** Lenovo and Apple desktops, laptops, and accessories

Game Design Intern
Jun 2020 - Aug 2020

Rad Magpie Game Studio

- Developed and launched the 'Ascend' horror platformer game with a seven person team
- Owned character concept design and animation developed in Procreate
